Profile

An IT undergraduate with good knowledge in programming languages such as Java, C, and Python. I possess essential skills in Object-Oriented Programming (OOP) , Machine Learning, DSA and AWS Cloud. My enthusiasm for technology drives me to apply my knowledge to real-world challenges.

Education

Qualification	Institution	Year	Percentage / CGPA
SSC	M.S.M. English School, Malkapur	2020	88.2%
HSC	Yashodham Public School and Jr. College, Malkapur	2022	87.8%
BE Information Technology	Shri Sant Gajanan Maharaj College of Engineering, Shegaon	2022 - 2026	8.43 CGPA

Internship

Research Intern | ApexaiQ

Mar 2025

- Researched ApexaiQ's cybersecurity domain and analyzed how the company's tools operate.
- Gained hands-on experience in Python, Selenium-based web scraping, and data extraction.
- Learned foundational concepts of Docker, Kubernetes and DevOps.

Skills

Languages : Java , Python , C , Html , CSS

Fundamentals : Object Oriented Programming , SQL and Database

Certifications

- Programming in Java – Nptel
- Python for Data Science, AI & Development
- OCI Generative AI - Oracle
- OCI AI Foundation Associate - Oracle

Projects

Crop Recommendation System using Machine Learning

Developed and trained multiple ML models (Random Forest, XGBoost, SVM, etc.) for crop prediction, achieving 99.32% accuracy using soil and climatic data. Built a Flask-based API to integrate the trained model with frontend for real-time recommendations.

AQI Classification using Random Forest

Developed a machine learning model using Python and scikit-learn to predict air quality categories with 81% accuracy based on pollutant data from Indian cities.

Achievements & Technical Activities

Smart India Hackathon 2023 – Hardware Edition (Finalist)

Selected as a finalist for developing a multipurpose health-monitoring device using Arduino and biomedical sensors. Worked on real-time data collection, calibration, and prototype development.

Member, Digital Fabrication Lab (FabLab)

Completed and gained hands on experience on weekly modules covering Web Development, CAD design, 3D Printing, Laser Cutting.
